MS DEMO Program – setup complete

• After app setup is completed.

- System will generate one *virtual user account*.
- Which contains <u>MS demo apps</u>: email app has example emails; message app has existing messages. Please let customer try and test.
- Also contains one video demo app "Meet the New Windows" on the start screen.
- Also, enable *screensaver demo app* during the System idle.

How to uninstall MS DEMO Program

MS DEMO Program – Switch User Account

- **Step 1**: Click user account on the top right-hand corner
- Step 2: Log in Demo Device as Administrator.
- Step 3: Enter password which is the same one as entering during installation of the PC. (Default password is trs80.)

MS DEMO Program – click Uninstall Windows Demo Experience Store app

- **Step 1**: Click **"Uninstall"** icon on the Start screen.
- Step 2: Click "Yes" to continue uninstallation
- **Step 3**: The Windows 8 demo will now be uninstalled.
- **Step 4**: Follow the prompt message to reset the PC by using Push Button Reset feature (PBR). Uninstalling the Demo Experience using PBR will restore to factory state removing all the Demo files and the User profiles.

How to uninstall MS DEMO Program

MS DEMO Program – Switch User Account

- **Step 1**: Click user account on the top right-hand corner
- Step 2: Log in Demo Device as Administrator.
- **Step 3**: Enter password which is the same as entering during installation of the PC. (Default password is **trs80**.)

MS DEMO Program – click Restore Windows Demo Experience Store app

- Step 1: Click 'Restore Windows Demo Experience'
- Step 2: The Windows 8 demo will now be reset.

THANK YOU
